NUMO IERAPETRA

SEDUCED BY NATURE

Welcome to a world of authenticity, welcome to NUMO Ierapetra. At our elegant, adult-only oasis — suspended between the lapping waters of the Mediterranean and the nearby mountains — nature and life go hand-in-hand.

ADVENTURE AWAITS.

At NUMO Ierapetra, time is suspended. Towering palms look out to sea, while poolside olive trees bearing fruit twist their way towards sun-drenched skies. Carefree days are spent lounging by the pool or walking, barefoot, from garden to beach and back again. Whether at morning sunrise or during a summer sunset, our ethos remains the same: a dedication to organic wellness. NUMO is a place to relax, take time out, and enjoy nature at its finest. Natural, design-led interiors reflect the mood and bring the outdoors in. Elegant earthy tones – the green of our native tamarisk tree or the pale greys of our sandy beach – inspire a whimsical and peaceful environment; one that encourages an organic kind of rest, the kind that

can only be found when living life in tune with the world.

From beachfront breakfasts and mornings in our outdoor gym, to long, lazy lunches – life at NUMO is best enjoyed al-fresco. Dive into our underwater art gallery, explore the charm of local villages, enjoy a toes-in-the-sand experience at our open-air cinema, or take time out to soothe your mind, body and soul with an indulgent steam and massage at our spa.

As the sun sets on days well spent, lean further into Cretan hospitality: start with sundowners – perhaps a glass of chilled rosé from nearby wineries or a martini served by our expert mixologists; dine on wholesome, fresh cuts of meat paired with locally-grown vegetables; experience unique Mediterranean-Peruvian fusion cuisine by candle-light; or settle in for sunset at our chic, ocean-side, fine-dining restaurant.

No matter how you spend your time with us – through morning, noon, or night – one thing is for sure. You'll leave feeling refreshed, revitalised and content. That's if you can bear to leave us at all.

Clockwise from left: take in stunning mountain views from poolside loungers; discover interior design inspired by nature; watch a movie in our open air cinema; soak up the natural vistas from your room; energise with a hot drink or sweet treat at our traditional coffee shop, Kafené.

THERE'S NOTHING MORE IMPORTANT THAN PRECIOUS TIME WITH LOVED ONES. SOAK IT ALL UP IN EVERY MOMENT – AND IN EVERY CORNER.

WE TAKE OUR FOOD SERIOUSLY. NO SURPRISE WHEN YOU CONSIDER THAT CRETE IS ONE OF THE COUNTRY'S MAIN PRODUCERS OF FRESH INGREDIENTS.

Start your day with breakfasts of freshly-baked breads and pastries or locally-grown fruits served with honey-drizzled Greek yoghurt at Tamarisk, our all-day restaurant. For lunch and dinner, return for mouth-watering mezze, freshly-caught seafood, fine cuts and pastas, or experience the unique taste of Mediterranean-Peruvian fusion food served by candle-light at Me-noa. Come evening, visit beachside restaurant, The Coast by Tamarisk, to dine on fine wines and Greek-Mediterranean dishes under the ocean-front stars. No matter where the mood takes you, every bite of every meal – whether plump tomatoes, local Graviera cheese, or freshly-pressed olive oil – is a taste of the island's abundant bounty. If the night is still young, continue to our sleek lobby bar, The Modern, or dress up for poolside cocktails in a swanky setting at Märe Märe: many infused with organic Cretan herbs.

Clockwise from above: absorb the love and care in all our dishes; nourish your body with fresh, local ingredients; say yamas to life over long lunches and dinners.

Indulge in downtime at Etherea Spa. (Clockwise from left): the spa's outdoor garden; the welcoming entrance to Etherea Spa; couple pampering in one of our treatment rooms.

AT NUMO WE HAVE A HOLISTIC APPROACH TO WELLNESS. IT'S WEAVED THROUGHOUT EVERYTHING WE DO.

Everything we do is inspired by nature. Make the most of the organic tranquility that surrounds you with a treatment at Etherea Spa. Feel your shoulders unfurl as you lay down on the sumptuous massage beds and indulge in a treatment designed especially for you. Soak up the essential oils in the fine, natural ILA products used by our therapists, and finish with a cleanse in our steam room or by making time for meditation in our dedicated outdoor space. For something more energetic, visit our fitness zone for a heart-pumping session in its outdoor gym surrounded by nature, or take a dip in one of our inviting swimming pools; one dedicated to stillness, the other, with a more upbeat atmosphere. At NUMO, nature and wellness go hand-in-hand.
