

TROULIS APART HOTEL

HOME FROM HOME

Relax into the local way of life at Troulis Apart Hotel, where the privacy of your own accommodation comes with added touches to make your stay an effortless one.

(Clockwise from above): Wake up with a view; soak up the sun on our peaceful patios; discover our balcony rooms with captivating sea views.

_____ A true home away from home, all our studios and apartments are set up with an in-room kitchen, allowing you to holiday like a local. The difference with us is that we also elevate the experience with an inviting swimming pool to dive into, a dedicated concierge service to make excursion-planning easy, and a freshly-prepared breakfast served every morning, should you wish to indulge. Overlooking the mighty Talean Mountains and ideally located next to a beautiful beach bay, this is a place to stop, slow down, and get a feel for the laid-back lifestyle. Our home, Bali village, has a long and varied history. Step back in time with a visit to the ancient Astali the Attali Monastery, the Melidoni Cave or the Church of Panagia Harakiani, or

spend the day unwinding at the beach, perhaps snorkelling in the clear waters and watching as fishermen reel in their catch of the day. Come evening, wander through the pretty streets stopping at small shops and bars before settling into a local taverna for a Cretan feast. Bali today is a mix of old and new; the traditional customs and cultures of the village are unmistakable, but it also benefits from a newer wave of development, in tune with modern, adventure seeking tourists. Ask our team about car hire and head for the historical cities of Rethymnon or Heraklion – both within a 45-minute drive and also accessible by bus – to learn more about our island's deep and colourful history. No matter how you choose to explore, Troulis Apart Hotel, your peaceful and personal hideaway awaits you at the end of the day. •

(Clockwise from left): Admire our beautiful beach bay, anytime of day; seek serenity in cooling courtyards; indulge in fresh fruits and coffee for breakfast.
